The Grange recognizes that one of the greatest needs of young families today is a place the family can go together -- where children are welcome. That place is the Grange.

The children usually conduct their meeting and take part in activities at the same time as the parents take part in the Subordinate Grange meeting for adults.

Junior Grange programs are designed to provide a basis for training young members to take leadership roles as they learn about parliamentary procedure and public speaking. They learn to serve where there is a need, and have fun at the same time.

Junior Grange provides an opportunity for children to build character, develop self confidence, responsibility, and respect. Grange encourages honor, patriotism, and a concern for agriculture and the communities where the children live and play.
